

UniCam® High-Performance Flat Cleaver

with Diamond Blade and Fibre Handlers

CORNING

The High-Performance Precision Flat Cleaver is a hand-held, ergonomically designed, precision cleaver enabling easy installation of UniCam® Connectors. The cleaver provides consistent cleaves regardless of operator skill level. It uses a dual clamp for precision and a diamond blade for superior cleaving.

Features and Benefits

There is consistent cleaving of 250 or 900 micron fibres and it is compatible with jacketed applications.

The hand held cleaver does not require a work surface in order to perform precision cleaves.

Specifications

General Specifications	
Technology	No-Epoxy/No-Polish
Product type	Connector Tools and Tool Kits
Mechanical Characteristics	
Weight	0.13 kg (0.29 lb)
Chemical characteristics	
RoHS	Free of hazardous substances according to RoHS 2002/95/EG

UniCam® High-Performance Flat Cleaver

with Diamond Blade and Fibre Handlers

The CORNING logo is displayed in white, uppercase letters on a solid blue rectangular background.

Ordering Information

Part Number	FBC-007
Product Description	UniCam® High-Performance Precision Flat Cleaver

Shipping Information

Units per delivery	1/1
Package Contents	Cleaver, fiber handler track, black double-sided handler (900 µm and jacketed cable) and double-sided blue fiber handler (fan-out and direct 250 µm)
