

# Slide-Open Magnifier

## 4x Power

### Protective Case, Lens Diameter 2.13 in

The Slide-Open Pocket Magnifier GN-11 is a compact and portable 4x magnifying glass with a protective case, perfect for reading fine print on books, menus, and newspapers.

Its slide-open design makes it easy to use and store, while the built-in case protects the lens from dust, debris, and scratches. Ideal for travel, fits easily in a handbag, pocket, or backpack. Also great for hobbies, crafts, inspections, and other low-vision tasks.

- Slide Open Glass Magnifier
- Compact and Portable Pocket Magnifier
- Built-In Protective Case
- Perfect Magnifying Glass for Low Vision Tasks
